Where've you been?!

Get away from me!
Hear us out first!!
Please hear our request.

Ah ha ha ha ha! Okay, you're killing me! I said okay! Stop it!!
So then...

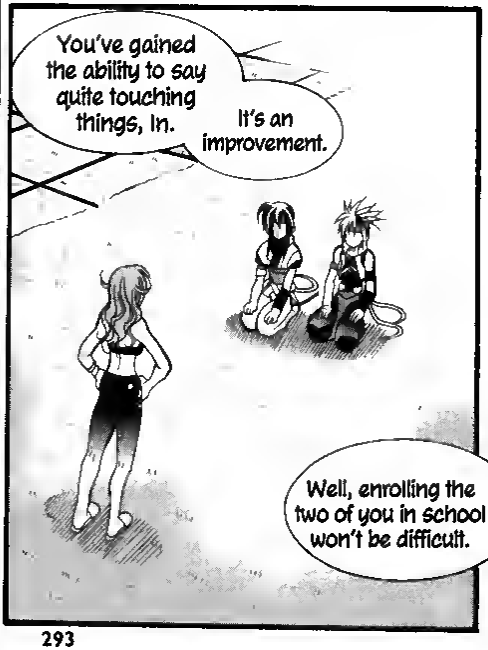
You want to go to school.
Whew...
I understand.
Con-gratulations, you two idiots bumped heads and came up with an idea.
But do you guys even know what people do in school?
It's the only way to secretly guard the little lady while dragging along this idiot who can't even tell left from right!
You must be talking about yourself!
Argh!
We haven't been very effective in guarding the Saint so far.
Complications keep coming up.

Also...
...I no longer...

--Want to place Miss Lin in any more embarrassing situations?
Is that it?

.....

Okay, I got it.



You've gained the ability to say quite touching things, In.
It's an improvement.
Well, enrolling the two of you in school won't be difficult.

But, how should I say this...?
In, right now you're an object of Miss Lin's hate.
How will your plan work?
If Miss Lin doesn't give her permission, isn't it useless?
Hmm~
.....
What about her permission? You're just stalling because you don't know how to enroll us!
Shut your mouth and be quiet, number two.
.....
Oh ho ho ho ho!
What?!
stand!
!!
!!

Fine.
I'll apologize to her.
Hey! Hey! Do you even know what it means to apologize?
Hurray! I never thought I'd get to hear the words "I'm sorry" coming from In's lips!
Yak! Yak!
Ha ha ha!

Hey! What're you doing? You said you were going to apologize!

Don't sheathe your sword until you've slain your enemy, In!

About this afternoon...

I approached it the wrong way because...it was a learning experience for me...it did not turn out as I expected...
mumble

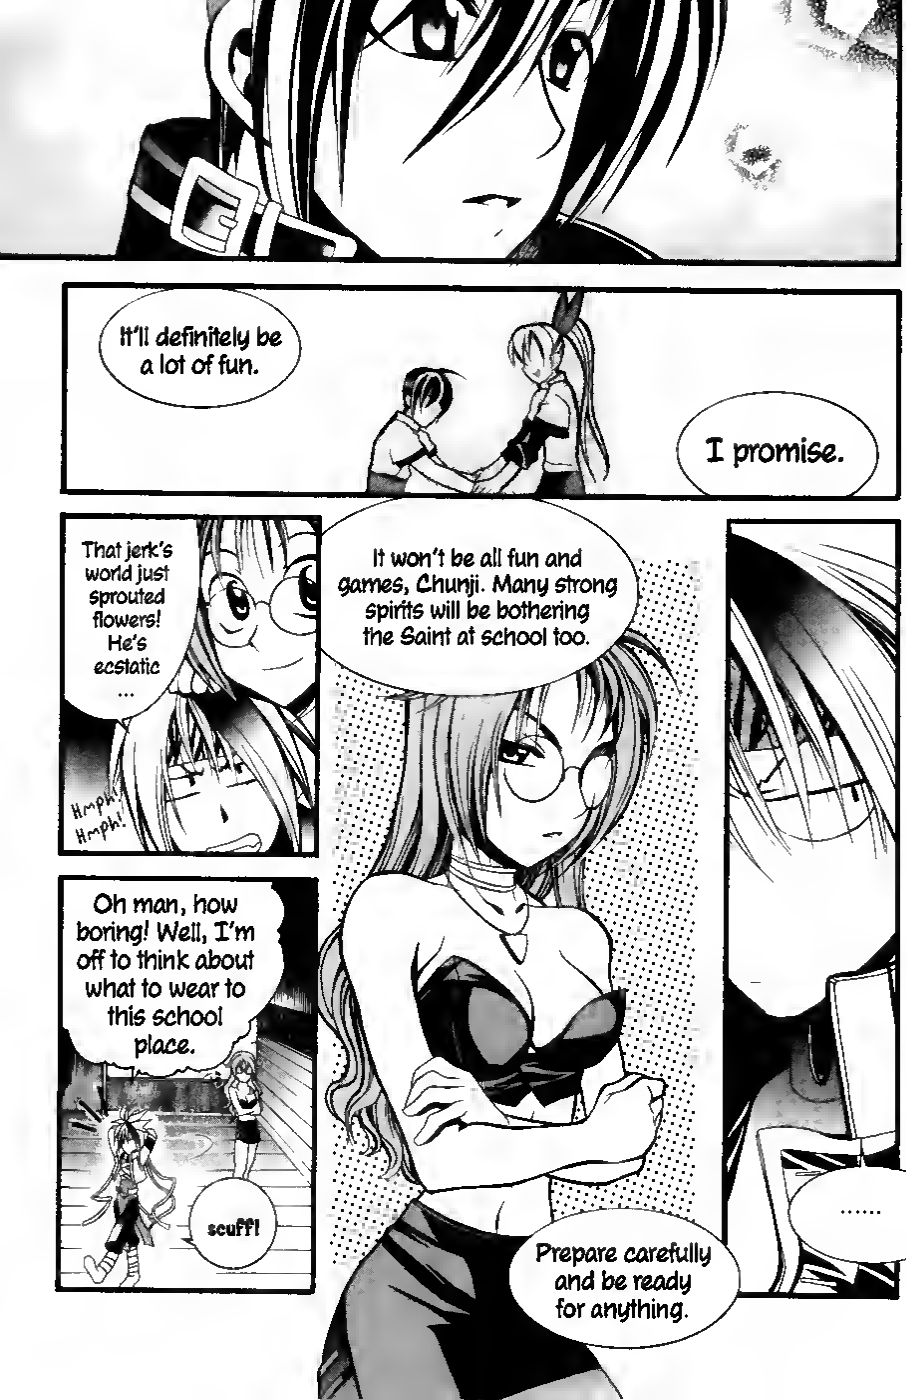
However, guarding you is my top priority. I cannot say another event like this will never happen in the future...

...but at the present time... these inefficient methods need to, umm...to be improved... I think...
What is he talking about?
He keeps switching his words around!
He's lost his mind...

I'm sorry.

Huh?
What I mean is... I didn't mean to do it. I'm sorry...
...is what I wanted to say.
So from now on...
I don't want to... make another mistake, to make you cry or hurt you. So...
...please allow me to attend classes with you!
Bow!

The order was all screwed up!
Squeeze
!!!
!!
I'm so happy...
...that I get to go to school with you.



It'll definitely be a lot of fun.
I promise.
That jerk's world just sprouted flowers! He's ecstatic ...
Hmph! Hmph!
It won't be all fun and games, Chunji. Many strong spirits will be bothering the Saint at school too.
Oh man, how boring! Well, I'm off to think about what to wear to this school place.
scuff!
Prepare carefully and be ready for anything.
.....

Whatever! I already went once, no big deal...
Those spirits we met when I fought with In Mu were a lot more trouble.
Like, they felt evil...but they weren't ghosts, and they weren't human either...
But they were still really strong. They gave us some trouble...
Something... neither ghost... nor human...?!
Umm...for some reason they felt fake, like they weren't really there...
First time I've seen something like that.
Whatever. If In Mu was able to beat them...
I'm off to bed!
...they're probably nothing to worry about.

.....
Beings that are neither ghost...
...nor human...
Surely not...

Yeah, we found her!
That must be where the Saint lives!
For some reason my heart is racing, Chungi!
Mmm-hmm, me too. I'm so excited it's making me all hot, Hongi!

We will be taking the Saint with us soon. Don't worry, Hongi!
♥
Yes, Chungi.
♡
I understand!
